

The 72nd Symposium on Macromolecules

JAPAN-KOREA JOINT SESSION

The Society of Polymer Science, Japan

September 26, 2023, 14:10-17:30

Room ESA(Room 313), Saiwai-cho Campus, Kagawa University

Program

14:10 1ESA11ILY Kouki Oka (Osaka Univ.)

Development of Innovative Organic Energy Materials towards a Sustainable Society

14:35 1ESA12ILY Youn Soo Kim (POSTECH)

Bridge-rich and Loop-less Hydrogel Networks through Suppressed Micellization of Multiblock Polyelectrolytes

15:00 1ESA13ILY Koki Sano (Shinshu Univ.)

Biomimetic Soft Materials of Self-assembled Inorganic Nanosheets

15:25 1ESA14ILY Min Kim (Jeonbuk National Univ.)

Modulating Nanomorphology of Functionalized Organic Semiconductors for Optoelectronic Applications

15:50 1ESA15ILY Tomoya Sato (AIST)

A New Approach to Realize Large-scale Synthesis of Polymer Brushes

16:15 1ESA16ILY JaeHong Park (Ewha Womans Univ.)

Pump-probe Spectroscopy to Investigate the Excited-state Dynamics of Excitons and Charge-carriers in Optronic Materials

16:40 1ESA17ILY Ryo Tanaka (Hiroshima Univ.)

Precise Polymerization Using Borataanthracenide as a Counteranion

17:05 1ESA18ILY Chae Bin Kim (Pusan National Univ.)

Covalent Adaptable Networks: Recyclable Networked Polymers
